

Flag 93

It is nice to get a note of appreciation from people in the community regarding the flag disposal bin. Two weeks after the bin was installed outside the Vets club we got this handwritten note inside a plastic bag with a flag to be retired.

Thank You for taking care of our worn Stars + Stripes. I was just instructing my daughter that "Old Glories" need to be retired in a respectful + dignified manner when I saw the article in the newspaper about this drop off convenience.

All that you do is more than appreciated and we're honored to live among you.

Thank You again for all of your service ☺ past, present and future.

May the Lord GOD Almighty continue to bless America!

Love and Prayers,
A Grateful Citizen

Tom
